Positive Points: To be kept up in future						
	<i>What?</i>		<i>Where did it show? Situations?</i>			
1)	Match Control.		Full match, no problems, also in tense moment.			
2)	Fitness.		Always following play, good sprints.			
3)	Interaction with players.		Respectful, friendly, but clear warnings.			
4)	-		-

Points for Improvement / Goals: To be made better next time (hierarchy 1-5 reflects urgency!).						
	<i>What? Cause?</i>		<i>Effect? Impact? Situations?</i>			
1)	Self-Confident Body Language, too hesitant.		Players tried to undermine my authority. Many protests.			
2)	Positioning, bad visual angles.		Missed 2-3 fouls because of bad view. Players might lose trust, became agitated.			
3)	Advantage Rule – difference between ball and game advantage.		A free-kick would have been wiser in one situation (20'), there was no real advantage.
